

TRANBY COLLEGE

2025 Music Tuition Information

(NB: You MUST complete a new Application Form every year)

FOR STUDENTS IN PRE-PRIMARY – YEAR 12

Tranby students have the opportunity for private Music Tuition in a wide variety of instruments, and in vocal and digital music production. These lessons are taught by specialist Music Tutors and, are subject to scheduling and each student's progress in class.

If you would like to enrol your child in Music Tuition, please complete the Music Tuition Application Form. The availability of tutors will be checked, and you will be notified in due course.

LESSON DETAILS

- Tutors work with students as individuals or in small groups of two to three. In the instance of small groups, participation and size of group is determined by the Tutor and Director of Performing Arts - subject to the participant's age, choice of instrument(s) and in consideration of application requests.
- Lessons are held once a week in term time. There are 28 lessons over the four terms except Year 12 students who have 21 lessons over three terms and Pre-primary who have 14 lessons over Terms 3 and 4.
- Lessons times are normally scheduled on a rotational basis, during College hours, so that students do not repeatedly miss the same class. It may be necessary to complete any missed class work at home.
- Length of lessons are 30 minutes. Senior School students may register their interest in a 45-minute lesson, but these will only be allocated upon Tutor approval.
- Pre-primary students commence lessons in Term 3 - Semester 2. This allows them time to settle in and integrate into the Pre-primary educational program.

Benefits of Individual Lessons

There are numerous advantages to private, individual lessons, such as:

- Tailored tutoring: lessons are planned to specific needs, personal goals and learning style.
- Individualised attention: one-on-one tuition allows for questioning and repetition to improve finesse, leading to quicker progression.
- Greater potential to work on solo pieces for AMEB exams or Eisteddfods, with in-depth preparation.
- Greater flexibility to reschedule missed lessons.

Benefits of Small Group Lessons

Small group lessons for students of similar age and ability hold their own advantages, such as:

- Cost friendly: small group lessons are a great option for students who are interested in trying instruments for a year, but not ready to commit at an individual level.
- Social music: working as a small ensemble encourages support and growth of individuals socially, as well as improving supportive and encouraging behaviours.
- Individual growth: group lessons can assist in overcoming fear of mistakes, leading to finding greater confidence in practice strategies, and tackling new challenges, musically and otherwise.
- Musical collaboration: learning as a small group can positively impact music skills such as aural ability, tuning and harmony, control of rhythm, and ensemble skills.
- Variety of pieces: the Music Tutor may explore a range of solo, duo and trio pieces.

CHOICE OF INSTRUMENT

Please note:

- There are limited places for each instrument. We will endeavour to provide you with your first preference. However, we recommend selecting a second preference should your first be unavailable.
- Not all instruments are available to our younger students due to the complexity of playing, the size of the instrument and/or the level of maturity required for tuition. Applications from Pre-primary students will only be considered in consultation with their classroom teacher and the Music Tutor.
- Group lessons will only be allocated to students at the same level/skill and in consultation with the Tutor.
